

PERSONAL SUMMARY

Aspiring Electronics and Telecommunication Engineering student passionate about red teaming in cybersecurity. I possess strong interdisciplinary skills and am seeking challenging job opportunities within esteemed organizations.

EDUCATION :

Diploma : Information Technology,
Amrutvahini Polytechnic, Sangamner.
Aggregate: 89.06%

Electronics and Telecommunication,
Pimpri Chinchwad College of Engineering and Research, Pune.
CGPA : 8.79/10 (current)

WORK EXPERIENCE

I worked as a Cybersecurity Intern at Mrwebsecure Infosolutions Private Limited for three months. During this internship, I learned to use tools like Nessus, conducted manual and automated testing, and gained knowledge about exploits, vulnerabilities, and web application testing.

KEY PROJECTS

- **'Spitting and Littering Detection '** : Built a model with Tensor Flow, Keras, and OpenCV for detecting spitting and littering.
 - **'Door Opening and Database Registration using Finger Print Sensor '** : Implemented a fingerprint sensor system for door access and user registration
 - **'Metasploitable and Kioptrix vulnerability detection '** : Identified vulnerabilities using Nessus and conducted manual exploitation to validate security flaws
 - **'Website Frontend Design '**: Designed a website using HTML,CSS and JS only.
-

SKILLS

- **Programming Languages** : Proficient in Python and C++.
 - **Networking** : Strong understanding of networking principles and protocols.
 - **Malware Analysis** : Experienced in conducting thorough malware analysis.
 - **Tools** : Hands-on experience with Nmap, Wireshark, Burp Suite, Nessus, Metasploit, and Kali Linux.
 - **Reporting & Presentation** : Skilled in creating detailed reports and presentations.
 - **Soft Skills**: Leadership, Creativity, Teamwork, Communication .
-

EXTRA-CURRICULAR

- **NGO Volunteer**: Supported hunger alleviation and created social media content for NGO.
 - **Event Host**: Hosted the 3rd Asian Conference 2k23.
 - **Art Club Member**: Contributed to art room development and creative projects.
 - **Volunteer IEEE2k22 Event**
-
